

 A Progressive Waste Solutions Company

## **About Choice Environmental Services, Inc.**

**Choice Environmental Services, Inc.**, a wholly owned subsidiary of Progressive Waste Solutions Ltd. (NYSE, TSX: BIN), is a residential, commercial and industrial solid waste services company headquartered in Fort Lauderdale, Florida. Choice provides solid waste and recycling collection, transportation, processing and disposal services to customers in Florida. The company's web site is: <http://www.choicewaste.com>

Through municipal contracts, Choice offers a complete range of integrated services to over 300,000 residences. In addition, the company serves more than 14,000 commercial and industrial locations. At its material recovery, transfer and recycling facilities, Choice processes over 260,000 tons of material annually.

Since its inception in 2004, Choice Environmental has grown to become one of the largest and leading independent waste and recycling service providers in Florida.

Choice's senior management team has combined waste industry experience of more than a century, and has earned a reputation for excellence and execution throughout the industry. The company employs a staff of highly trained experienced professionals who are equipped with the knowledge and tools to provide superior customer service in a safe, efficient manner using state-of-the-art equipment.

Choice Environmental is dedicated to operating a quality waste service company that provides safe, cost-effective, superior customer service, while, at the same time, protecting Florida's environment.

## **Latest News:**

**Choice Environmental Services** made national news by rolling out Florida's first privately owned Compressed Natural Gas ("CNG") refuse trucks. The 16 clean-burning fueled refuse trucks will service one of the largest cities in the state of Florida, Fort Lauderdale. To watch a video of the grand opening of the new CNG facility and the unique clean-burning trucks, visit: <http://www.youtube.com/choicewaste>
